The Western Rural Development Center compiles this magazine with submissions from university faculty, researchers, agencies and organizations from throughout the Western region and nation. We make every attempt to provide valuable and informative items of interest to our stakeholders.

The views and opinions expressed by these agencies/organizations are not necessarily those of the WRDC. The WRDC is not responsible for the content of these submitted materials or their respective websites and their inclusion in the magazine does not imply WRDC endorsement of that agency/organization/program.

This material is based upon work supported by annual base funding through the National Institute of Food and Agriculture, U.S. Department of Agriculture. Any opinions, findings, conclusions or recommendations expressed in this publication are those of the authors and do not necessarily reflect the views of the U.S. Department of Agriculture.
